

Intermediate Fetal Monitoring Course

Save the
Date:
February
2nd & 3rd
2021

Description:

The Intermediate Fetal Monitoring Course is a 2-day standardized course focusing on the application of essential fetal heart monitoring knowledge and skills during the intrapartum period. The Intermediate Course can be used as a competency assessment to validate the knowledge and skills of experienced clinicians. The course is open to physicians as well as nurses. 2-Day Workshop: Day 1- Didactic Session- participants analyze case scenarios using key physiologic principles, interpret tracings, & demonstrate verbal and written communication skills. Day 2- Skills Session: participants demonstrate, practice, and are tested on the following skills: auscultation, Leopold's Maneuvers, placement of an IUPC & FSE, interpretation of tracings, identification of indicated interventions, and communication and documentation.

Conference Details: Workshop # Course Type: Intermediate Fetal Monitoring Contact Hours: 18 CE's (full participation required) Format: 2-day Instructor Led Course Date: February 2nd & 3rd, 2021 Course Time: 8:00-5:00 (Registration begins at 7:45). Course Fee: \$40.00 (+ student pack)

Course Location: ProMedica Learning & Education Building 1724 Indian Wood Circle Maumee, OH 43537

The basic registration fee for conference is \$40.00 PLUS the cost of the student pack (purchased through AWHONN).

Call first if registering late as you MUST obtain an UNUSED, new student pack. Each participant must purchase the Intermediate Fetal Monitoring Course Student Pack (\$120.00) and bring it with you to the class. You may also either purchase or borrow the most recent edition (currently 6th edition) the AWHONN Fetal Heart Monitoring Textbook and bring it as a resource. It may take time following your order to receive the Student Pack, so get your order placed right away.
