OVERVIEW

This program will provide nurses, technologists and other vascular healthcare professionals current information on vascular diseases to facilitate care in hospitals, clinics, long-term care facilities, office practices and in-home care.

LOCATION

Hilton Garden Inn is located at 6165 Levis Commons Blvd., Perrysburg, Ohio, 43551 in the Levis Commons shopping district, with convenient access from I-475/US 23.

ACCOMMODATIONS

If overnight accommodations are required, contact Hilton Garden Inn. 419-873-0700, toll-free 1-877-STAY-HGI or online at StayHGI.com.

Other hotels in the area include: Home2 Suites by Hilton, 855-618-4702 or Holiday Inn Express. 877-859-5095.

FEATURED SPEAKER

Kay Wagner, DHA, MSN, RN

Vice President of Quality & Patient Safety, MidMichigan Health, Sanford, Michigan

Humor and health come naturally to Kay Wagner, DHA, MSN, RN. As a mother of three, a nurse since 1985, and just your average normal human being living here on earth, Kay has an eclectic assortment of experiences, stories, and life lessons to draw upon for her presentations. She believes that all life experiences, whether good or bad, can ultimately empower people to become more compassionate, caring and courageous individuals.

It was as both an audience and committee member, that Kay realized the value of motivational presentations, and listened to the call of the podium. Her first and natural choice for a topic was the benefits of humor on health because everybody needs and deserves a boost from time to time to enhance their overall sense of well being

Her eldest daughter's diagnosis of a malignant brain tumor in 2002 tested all of her coping skills. Her book. Kara's Courage: A nurse's story of her child's experience with cancer viewed from the other side of the stretcher, is a story of courage, faith, inspiration and facing fear. If it helps just one other individual to seek treatment, gain hope, or simplify their research trail, then Kay feels its purpose will have been met.

As a nurse, Kay is delighted to speak to other nurses - she presented at the AACN (American Association of Critical Care Nurses) NTI (National Teaching Institute) and her program was later chosen by the national organization to be one of only 25 for their pilot web-based learning modules.

Hemorrhagic vs Ischemic Stroke: NIH Assessment

Julie Shawver, PA-C

- Review background on the National Institutes of Health Stroke Severity Score (NIHSS).
- Discuss tips for administering the NIHSS.
- Identify case scenarios and how the NIHSS correlates with certain stroke syndromes.

Break/Exhibits

Advanced Wound Care Dressings: So Many Choices

Michelle Holtfreter, BSN, RN

- Identify purpose of dressings.
- Describe assessment points to selecting a dressing.
- Identify advanced-dressing indications for use.

Humor in Health Care

Kay Wagner, DHA, MSN, RN

- Review various aspects of stress as it relates to well-being both personally and professionally.
- Describe benefits of utilizing humor personally and professionally.
