OVERVIEW

In the United States, acute and chronic wounds affect around 6.5 million patients. The need for treatment of wounds is growing rapidly due to an aging population and a sharp rise in the incidence of diabetes and obesity. This symposium will provide current treatment modalities and evidence-based solutions for general wound care, vascular care, diabetic foot care including podiatry, foot and ankle care and advanced therapies and reconstruction.

AUDIENCE

This activity is designed to meet the educational needs of physicians, residents, advanced practice providers, nurses, and allied healthcare professionals who are involved in the care of patients with acute and chronic wounds.

LOCATION

Hilton Garden Inn is located at 6165 Levis Commons Blvd., Perrysburg, Ohio in the Levis Commons shopping district, with convenient access from I-75/US 23.

ACCOMMODATIONS

If overnight accommodations are required, contact Hilton Garden Inn, 419-873-0700, toll-free 1-877-546-4647 or online at StayHG.com.
